Advance your psychology career.

EARN YOUR DEGREE—ON YOUR SCHEDULE.
Developing a deeper understanding of human nature is a skill that can prepare you for a variety of careers, both within the field of psychology and beyond. Simpson University’s ASPIRE degree-completion program offers a psychology major designed to accelerate your career path by delivering a basic understanding of the theories, methods and applications of modern psychology. Throughout the program, you’ll increase your understanding of human nature, as well as gain a foundation for further study at the graduate level.

And, with the ASPIRE program, you can do it all on a convenient, flexible schedule that fits your life:
- Convenient evening classes or completely online
- Acceptance of accredited transfer credits
- Assist with prior learning assessment to help students get college credit for professional training.
- Multiple start dates

COMPLETION IN 16 MONTHS.
ASPIRE’S unique class structure is designed to accommodate the schedules of busy adults like you. You’ll take one class at a time—one night a week or completely online for five weeks. Each class is designed to build on the knowledge gained in the previous class. In this way, you’ll move through your degree program in a step-by-step, structured schedule that allows you to focus your full attention on the material you need to know in your chosen field. It’s a process that optimizes learning, leading to greater assimilation and stronger retention of the knowledge and tools you need to compete in the marketplace.

B.A. in PSYCHOLOGY
