CHURCH PLANTING

One-Week Intensive Training
June 2-6, 2014 | 8 a.m – 5:30 p.m

This course introduces students to the complexities and issues that arise in church planting in the 21st century. It is a practical course that teaches students basic principles of church planting and the theological foundations on which to start a new work. It also will help students reflect on their talents, gifting, and personality in order to help each determine if they fit in church planting roles.

For the full experience, which includes online instruction, reading and assignments, the course begins on May 6 and continues through Aug. 15.

G.W. Togger
THEOLOGICAL SEMINAR
ABOUT THE INSTRUCTORS
Dr. Rodney Anderson and Rev. Ray Van Gilst

Two veteran and successful church planters serving in the Midwest and on the West Coast will be facilitating this practical course in Church Planting.

Dr. Anderson has planted several churches; his dissertation at Southern Baptist Theological Seminary was *An Analysis of Attitudes, Values, and Beliefs of Congregants and Leaders of Small Churches toward Church Planting*. Rod has mentored and trained church planters for independent churches as well as the Mennonite Brethren. He is the pastor of Spirit of Faith Church in Omaha, Nebraska.

Pastor Ray has experience in church planting in Utah and California and serves as the director of Multiplication for the C&MA Central Pacific District. Ray holds an M.A. in church planting and church growth from Simpson University; he is certified by the International Coach Federation as a church planting coach (associate certified coach), and he has been trained by the Church Multiplication Training Center.

Both leaders are experienced trainers and mentors guiding new church planters as they launch their new works!
