

Removal of Institutional Charges Policy

Tuition and Course Fees

Students who decide to add or drop courses or withdraw from school must complete appropriate forms with the Office of Student Financial Services, as well as with the Registrar's Office. If you consider withdrawing from Simpson University during a semester, please read this important Withdrawal Notice regarding the possible impact of withdrawal on your financial aid eligibility for that semester.

The removal of institutional charges is calculated based on the length of the course and the date of official withdrawal. For ASPIRE, the week cutoff is Sunday. For all other programs the week cut off is Friday. If a student drops a course before the course start date, 100% of all tuition and fee charges will be removed. Note: the course start date may not be the same as the first course meeting date.

Regarding changes to course schedule and academic fees, the following policy will apply:
