### APPROVED COURSE MENUS FOR THE ASCENT

#### BASECAMP COURSE MENU

Before setting out on the Ascent, there are both things one needs to be able to do and things one needs to know. Simpson University's GE "Base Camp" is the learning space where those skills and literacies will begin to be developed. The Basic skills and literacies offered by an institution are valuable for any number of reasons, but primarily because they allow a person to function independently in both personal and professional settings. These foundations are most frequently recognized in the realm of communication--the ability to read, write, and speak well--but additionally, a Simpson education also requires basic literacies to construct a Christian worldview. The following courses will set the foundation for the Ascent.
